General information about guarantee

All of our Eckerle pumps are manufactured with highest grade of care and accuracy.

If anyhow the pump does not work properly, please send the pump along with this document for an examination.

Examination and testing fee will be charged anyway, if the claim will not be accepted due to wrong start-up procedure or inappropriate working conditions.

The delivery to Eckerle has to be free of charge, the return delivery of the pumps will be invoiced.

Eckerle concede a 1 year warranty after receipt of pump when used in 1-shift operation.

Apply our general terms and conditions.
